

Rye Park Wind Farm Construction Update

Week commencing 20 February 2023

Construction Updates are released fortnightly and include a summary of construction works undertaken and a look-ahead of upcoming works.

Page 1 of 2

The 396 MW Rye Park Wind Farm project is bringing investment and jobs to the region. We would like to thank the Rye Park community for your continued support and patience and we are looking forward to seeing the wind farm taking shape over 2023.

Turbine progress

We are making good progress with the turbines, with two already up and another underway. Make sure to keep an eye out as the wind farm begins to take shape with the completion of foundations, towers and turbines.

Road repairs and maintenance

We are continuing to progress road repairs and maintenance across the local road network. There are parts of the road network where repairs and pothole maintenance are now in progress such as Grassy Creek Road and Dalton Road.

We are working with key stakeholders and council to agree a design before putting an appropriate long-term solution in place along Grassy Creek Road's flood damaged sections.

More recently, gravel sheeting was undertaken along Cooks Hill Road. A two coat sealing program will follow in March on completion of primary road repair works.

Oversize-Overmass (OSOM) wind turbine deliveries

Turbine component deliveries continue Monday through Saturday. Where possible we will schedule OSOM deliveries prior to school zone exclusion times.

Please allow extra time for your journey if travelling on the OSOM route in the morning.

Some tips when approaching an OSOM delivery:

- Reduce your speed
- Prepare to stop if necessary
- Be patient. Do not overtake, you will be given an opportunity to pass when it is safe
- Be prepared for unexpected wind buffeting when given the opportunity to pass
- Follow instructions given by the traffic escort

You can text us too. Text +61 480 096 779 if you have any questions and we'll give you a call back.

Rye Park Wind Farm Construction Update

Week commencing 20 February 2023

Construction Updates are released fortnightly and include a summary of construction works undertaken and a look-ahead of upcoming works.

Upcoming road works and maintenance

We continue with our regular program of road works and maintenance. In February and March we are planning works on:

- Rye Park Road
- Grassy Creek Road
- Dalton Road
- Cooks Hill Road

See the Figure 1 for details of what is planned.

If you have any questions or concerns, please contact:
