

Commencement: December 2021

Complaint ID	Date Opened	Date Closed	Method	Issue / nature of complaint	Details	Response/Actions taken
December 202					RPWF Traffic Blakney Ck Rd Sth	Contractor interviewed sub contractor involved in the interaction with the local and recorded a witness statement.
					1/12/21 Complainant notified RPRE of light vehicle	Contractor added agenda item into the weekly toolbox held on 2/12/21 to inform their employees and sub contractors of the expected conduct of workers
					interaction on Blakney creek Rd and followed up with an email with photographs. Complainant alleges the	Contractor requested that sub contractor use Cooks Hill Rd when accessing site
					driver of the project-related vehicle abused them after being pulled over to confront them on use of	RPRE informed complainant that the project TMP allows for light vehicle access through the main and local road network. Historic correspondence was forwarded onto complainant on the use of the local road network
13	1/12/2021 6:28:00 AM	7/12/2021 10:45:00 AM	Email	Construction traffic	Blakney Creek Rd South. Also raised question of LVs permitted on Cooks Hill Rd.	DPIE compliance lead confirmed that they have discussed with the complainant that use of the local road network is unrestricted for project light vehicles 8/12/21 (Not restricted to Cooks Hill Rd or Rye Park/Boorowa Rd)
	_,,					Non compliance notification sent to DPIE compliance division detailing breach of project conditions 7/12/21 Actions that RPRE's Contractors have taken following the non-compliance to prevent future occurrences from happening are as follows:
					RPWF Traffic, Heavy Vehicles on Cooks hill road	A Driver Declaration that requires heavy vehicle drivers generate a record confirming the correct route will be used prior to their departure to travel to RPWF
					The complaint relates to a convoy of 3 heavy rigid trucks (a heavy vehicle as defined under the Heavy	including an attached Map detailing the approved route. Specific signage located at the entry points on Cooks Hill Road, Blakney Creek South Rd with specific wording to the effect that no HV access permitted
					Vehicle National Law (NSW)) accessing the Rye Park Wind Farm (RPWF) (the Development) site via Cooks	An agenda item was included in the Contractors' Weekly project Toolbox (2/12/2021) reiterating and reinforced that all heavy vehicles are required to access the project via the approved heavy haulage route
14	1/12/2021 6:33:00 AM	7/12/2021 10:45	Email	Construction traffic, TMP compliance	Hill Rd on the morning of Wednesday 1 December 2021.	RPRE has spoken to complainant and relayed actions taken and that the non-compliance notification has been sent to DPIE. RPRE also informed complainant that the complaint has been entered into the complaints management system 9/12/21
	1/12/2021 0.00.00 / 101	1/12/2021 10:45			Email correspondence received from DPIE	
					referring to light vehicles (4WDs) associated with the project not slowing down at locations were school	
					buses stop and driving at high speeds. The complainant is very concerned for the safety of the	Complaint forwarded onto sub contractor for investigation 7/12/21 and discussion with project personnel to enforce the drivers code of conduct and
24	7/12/2021 3:11:00 PM	13/12/2021 6:05:00 PM	Email	Construction traffic	children and other users on the road networks Related to Complaint ID 27	compliance with project and NSW road rules Notification of actions implemented forwarded onto DPIE compliance team 13/12/21
					Community complaints forwarded through from the Department relating to traffic management issues	Email detailing community complaints forwarded onto RPRE subcontractor to investigate and action 7/12/21
25	6/12/2021 5:05:00 PM	14/12/2021 11:00:00 AM	Email	Construction traffic	Complaints relate to Complaint IDs 13 and 14	Notification of actions implemented forwarded onto DPIE compliance team 13/12/21
						Complaint details forwarded onto Contractor to investigate 8/12/21 Contractor investigated complaint and confirmed that the truck and dog was undertaking works that were not project related (Council truck and dogs
					Email correspondence received from DPIE from complainant alleging a truck and dog was attempting	delivering 7mm to stockpile). Contractor spoke to their RPRE contractors, who confirm that they had no truck and dog combinations running on the 07/12/21. It was also observed that there is recently stockpiled material on the south eastern side of the Cooks Hill Road and Blakeney Creek Road South, that bogie
26	8/12/2021 11:15:00 AM	10/12/2021 12:00:00 AM	Fmail	Construction traffic	to access the project during 7/12/21 shift. Related to Complaint ID 28	tippers were stockpiling (also non project related) RPRE made phone contact with complainant 9/12/21 to relay findings and followed up with an email
20	0, 11, 2021 1113100 / 111	10/12/2021 12:00:00 / 00/			RPWF-Traffic Management issues LV related	
				Construction traffic,	Email received from complainant relating to 2 x project vehicles travelling through an active bus drop	Complaint forwarded onto Sub contractor with accompanying photographs to investigate and action 10/12/21 Response sent back to complainant noting of current actions in place including heightened awareness on traffic management at pre starts and tool boxes and
27	10/12/2021 11:39:00 AM	14/12/2021 11:05:00 AM	Email	Health and safety	off zone greater than 40km/hr HV on Cooks Hill Rd Again 7-12-21	request for local police to increase surveillance of project access routes for road rule compliance 10/12/21 Complaint details forwarded onto Contractor to investigate 8/12/21
					5 axle Truck and Dog was spotted on Cooks Hill Rd and stopped at the turn off at Blakney Ck Rd Sth as there	Contractor investigated complaint and confirmed that the truck and dog was undertaking works that were not project related (Council truck and dogs delivering 7mm to stockpile). Contractor spoke to their contractors, who confirm that they had no truck and dog combinations running on the 07/12/21.
28	8/12/2021 9:39:00 AM	10/12/2021 1:21:00 PM	Email	Construction traffic	is a new sign there now.	Trucks were delivering material for council road works. Initial response sent to Department with current measures being used to manage dust and noise nuisance.
						The contractors were watering down the active work areas with water carts to mitigate dust produced through construction as required. The contractors have
						made good progress on the site entry point and are currently topdressing batters with topsoil and capping the entry and access track with gravel. Once the track to the compound has been capped with gravel it will also be sealed with black top which will reduce dust nuisance as well as noise while vehicles are
					Dust and noise associated with Rye Park	accessing the temporary compound. In regards to noise, RPRE and Contractor have both undertaken noise assessments specifically in relation to the neighbours' residence in order to determine
					Community complaint forwarded through from the Department relating to construction noise and dust	predicted noise levels during construction and compliance with the interim construction noise guidelines. Noise is monitored during construction by the supervisors on site and managed accordingly i.e. if plant is not operating to specifications it will be tagged out of
				Noise (construction	issues at the main project site entry and temporary	service, plant will not be left idling for long periods of time and construction works are limited to the approved hours of construction (0700am – 1800pm)
33 January 2022	17/12/2021 12:28:00 PM	21/12/2021 8:31:00 PM	Email	noise), Dust	compound bench. Initial email received 17/12/21	Response forwarded to Department with current and pending measures 21/12/21
			Email (via			Complaint details forwarded onto RPRE sub contractor to investigate 1/2/22 Council Environment and health officer to gather more details and forward onto RPRE (in train)
34 February 2022		08/02/2022 11:00:00 AM	Council)	Noise (construction)	project machinery is parked	8/2/22 confirmation received from Hilltops Council environmental officer that the complaint was not project related
	-					Details received from complainant alleging project LVs are travelling too quick through sections of Dalton Rd that are in poor condition and have poor sight
						distances causing potential safety concerns. RPRE responded to complainant via SMS that project traffic behaviour would be addressed with BOP sub contractor and that a meeting would be organised
						between complainant RPRE and BOP contractor to discuss project traffic concerns BOP contractor installed reduce speed signage to be installed either side of the property driveway
35	4/02/2022 7:55:00 AM	2/03/2022 11:16:00 AM	SMS	Construction traffic, Health and safety	RPWF-Traffic Management issues LV related SMS received in relation to Project LVs speeding	18/2/22 RPWF and BOP HSE Advisor visited complainants to discuss project related traffic, complainants advised traffic past their driveway has been much safer following sign installation and awareness campaign
						Allegations from complainant that on 8/2/22 a BOP contractor project vehicle was travelling at speed along Dalton rd and flicked gravel up damaging a
						residents windscreen while passing. Alleged incident occurred around Blakney Creek Rd on 8/2/22 between 17:20 - 17:30
				Construction traffic,	RPWF-Traffic Management Issue LV related Allegations of damage to a residents windscreen by a	BOP Senior HSE Advisor investigated complaint and after reviewing the IVMS records for the BOP fleet vehicles assigned to RPWF it was confirmed that no vehicles were recorded in the vicinity at the time of the incident. (BOP vehicles were parked at the rye Park community hall (temporary office)
36	9/02/2022 3:30:00 PM	9/02/2022 3:31:00 PM	In-person	Health and safety	speeding project vehicle on Dalton Rd	BOP HSE Advisor contacted complainant and notified them of the outcomes of the investigation. Complaint received via Hilltops Council regarding lime powder type material deposited on road side at the intersection of Dillon and Ford St.
			Email (via		Boorowa bypass road works	RPRE daily inspection of the Boorowa road work sections undertaken Friday 11/2/22 observed public roads contractor removing wind rowed and stockpiled material from road verges along Dillon St including around Ford St intersection.
37	11/02/2022 4:15:00 PM	14/02/2022 8:00:00 AM		Health and safety	Dillon St/Ford St intersection	Follow up inspection conducted 14/2/22 at 08:00 of Dillon St / Ford St intersection could not locate any lime material.
						14/02/22 10:42pm email received from a project neighbour alleging a heavy vehicle accessed the project main entry via Dalton rd from a southerly direction at approximately 07:40AM
					RPWF-Traffic Management issues HV related Wind Farm heavy vehicle access via non approved	RPRE HSEC Manager investigated the complaint and concluded that the allegation pertaining to a heavy vehicle accessing site via a non approved route was substantiated.
38	14/02/2022 10:42:00 PM	15/02/2022 11:30:00 AM	Email	TMP compliance	route RPWF-Traffic Management issues HV related	HSEC Manager informed complainant that the incident would be investigated and appropriate notifications undertaken against the project conditions. Complaint received 18/2/22 of a sub contractor fuel cart accessing Yass along a non approved HV route. Photograph of truck forwarded through to RPRE to
20	18/02/2022 6:50:00 AM	18/02/2022 7:50:00 AM	Phone	TMP compliance	Wind Farm heavy vehicle access via non approved	investigate by complainant. HSEC Manager informed complainant that the incident would be investigated and appropriate notifications undertaken against the project conditions.
	, <i>,,</i> 0.30.00 AIVI	10, 02, 2022 7.30.00 AIVI			route	Complaint received regarding Cooks Hill Rd condition and safety.
						RPRE HSEC Manager spoke to complainant and requested that they lodge their safety concern through Council's complaint management system as well. Complainant was also notified that driving safety and to conditions is regularly brought up with site workers with heightened focus on the public road network
					RPWF-Public road condition	most frequented when accessing and egressing the project (Cooks Hill Rd, Boorowa Rye Park rd etc). Driver code of conduct has also been raised with the project team in relation to school bus interactions along the public road network.
40	23/02/2022 2:50:00 PM	2/03/2022 12:19:00 PM	Email	Health and safety		Concerns were also passed onto RPRE senior management and sub contractors notifying them about local concerns regarding the current condition of the unsealed section of Cooks Hill Rd
40 March 2022		_, 33, 2322 12.13.00 FIVI	1		1.500 500 YOBCIDION	
						Complainant was called (1/3/22) and issue was raised with contractors. Complainant to provide number plates / photos of dangerous drivers to add to complaint record and time of day.
						In future instances it has been requested that number plates or vehicle IDs are forwarded on so that targeted discipline can be undertaken to repeat driving offenders.
42	1/03/2022 2:00:00 PM	2/03/2022 11:15:00 AM	Phone	Health and safety	Dangerous driving on Cooks Hill Rd	HSEC Manager sent text to complainant confirming that driving behaviour was raised at pre start again this morning and that the RPWF Site Manager monitored traffic this morning and reported that locals and project vehicles were driving to conditions
	-, -, -, <i>-, -, -, -, -, -, -, -, -, -, -, -, -, -</i>	_, 55, 2522 11.13.00 AIVI		South and salely		Complainant alleging a wind farm related truck and dog accessed Yass via Cooks Hill Rd around 9:30am on 1/3/22
						RPWF HSEC Manager contacted complainant to inform them that investigation is underway to confirm if truck and dog is wind farm related. Investigation confirms that no wind farm related truck and dogs entered or egressed the project via a non approved route during the morning of 1/3/22.
						RPRE's Traffic monitor stationed at the site entry confirmed that only 2 x truck and dogs entered site via Rye park and egressed site via right had turn back to wards Rye Park during the morning of 1/3/22.
43	1/03/2022 10:50:00 AM	2/03/2022 11:16:00 AM	Email	Construction traffic	Traffic Management issues HV related	Complainant notified of investigation outcome via email. Complainant notified Council of issues with dust.
4.4	1/02/2022 6 52 55 55		Email (via		Boorowa bypass road works	Complainant sent through photos via text message 2/3/22, however photos were time stamped 7/2/22
44	1/03/2022 6:53:00 PM	2/03/2022 1:01:00 PM	Council)	Health and safety	Dust	Follow up correspondence to complainant provided with public road upgrades work schedule and information on dust suppression. Complaint received alleging unsafe truck driving - quarry vehicles
						RPRE investigation concluded that the trucks in question were not Project related. Email received from quarry 11/3/22 informing that the trucks supplying material to RPWF do not access site through the roads alleged in the original
46	3/03/2022 1:05:00 PM	11/03/2022 12:00:00 AM	Email	Health and safety	Unsafe truck driving	complaint - Council have acknowledged this (11/3/22) RPRE followed up with complainant via phone to update on outcome of investigation.
	_, _, _, _, _, _, _, _, _, _, _, _, _, _	, 00, 2022 12.00.00 ANT			о на	Complaint received from Rye Park resident relating to contractors parking in front of the Yass St RFS shed blocking access to emergency services in case of an
						emergency. RPRE HSEC Manager contacted BOP Contractor management and HSE requesting that contractors refrain from parking on the RFS shed access and move
						vehicles ASAP. (Action was undertaken prior to the email complaint was received. BOP contractor notified at 10.35AM 14/3/2022)
47 April 2022	14/03/2022 5:46:00 PM	15/03/2022 10:04:00 AM	Email	Health and safety	Vehicles blocking Rural Fire Shed (RYE PARK)	RPRE was also notified that contractors can park their private vehicles in the rec ground as this is public access and there is ample parking.
						Complaint received from project neighbour relating to soil and water management, alleging that no ERSED controls have been installed a section of
						earthworks around Blakney Creek Rd South. RPRE HSEC Manager forwarded allegation onto BOP contractor Site Manager to review and address.
48	5/04/2022 6:37:00 AM	6/04/2022 9:51:00 AM	Email	Environmental	Soil and water management related	5/4/22 response sent to complainant with control measures being used 6/4/22 second round of responses sent through to complainant discussing pre weather inspections and maintenance
					-	Allegations of no signage on Blakney Creek Rd South RPRE HSEC Manager informed BOP contractor of concerns relating to construction signage where access track crosses over the public rd. Requested that
						contractor review S138 permit TCP and install relevant public rd signs. Photographs indicate stop signs installed on public rd approach to alert construction traffic of approaching road corridor - sent to complainant (5/4/22) with

						control measures being used	
						Photographs indicate stop signs installed on public rd approach to alert construction traffic of approaching road corridor - sent to complainant (5/4/22) with	
							1

						Allegations of construction movements over gas pipeline not conforming to APA standard. BOP Site Manager confirmed that it is not an APA pipeline. The pipe infrastructure is owned by Jemena Energy. Consultation regarding construction/design
						standards and guidelines have been undertaken with the asset owner prior to works commencing over the asset. Current works are in accordance with the
						approved methodologies 5/4/22 response sent to complainant with control measures being used
50	5/04/2022 6:37:00 AM	6/04/2022 10:01:00 AM	Email	Environmental	Pipeline infrastructure concerns	6/4/22 second round of responses sent through to complainant confirming works are in accordance with asset owners requirements Complainant concerned over construction hours confirmed that machinery was operating a 17:50 on 5/4/22.
						Notified the complainant that the approved hours for construction on the project are 7:00am – 6:00pm Monday-Friday and 8:00am – 1:00pm Saturdays
51	5/04/2022 6:37:00 AM	6/04/2022 10:02:00 AM	Email	ТМР	Hours of work	5/4/22 response sent to complainant with control measures being used 6/4/22 second round of responses sent through to complainant confirming works are within construction hours
						Workers using public road network to access the project This concern has already been raised, addressed and closed out by the department. There are no restrictions for light vehicles accessing the project via the
						public road network. The project does encourage workers to use Cooks Hill Rd and Boorowa/Rye Park Rd where achievable however not all workers can access
52	5/04/2022 6:37:00 AM	5/04/2022 7:52:00 AM	Email	ТМР	Traffic Management LV related	the project via these two routes. 5/4/22 response sent to complainant with reference to previous correspondence and close out by DEP regarding LV access to the project
						Complaints made to Council about stones and loose material on the areas of works along Rye Park Rd as well as alleged speeding through the roadwork site. Concerns were addressed by the site management team after receipt of the complaint. Assessment of the works area was undertaken and BoP site manager
						also addressed the quarry management and drivers in regard to driving to conditions on Dalton rd. (complying with road work speed limits and also driving in accordance with the project driver code of conduct).
53	7/04/2022 4:20:00 PM	14/04/2022 1:11:00 PM	Email	Health and safety	Traffic Management and safety related	Email response sent back to complainant with measures implemented following complaint 14/4/22
						Complaint received in regard to Dillon Street upgrade - raised the road making it difficult to mow the grass on the footpath along Dillon Street. Observation of water build up as well.
						Phone call and email response back to complainant with update and measures outlined on 29/4/22 - contractor will attempt to flatten batters as much as
54	12/04/2022 12:23:00 PM	29/04/2022 16:02:00 PM	Email	Environmental	Dillon Long Street upgrades	possible, where possible. Water management: there should be less flow as the OSOM bypass slip lane causes a portion of the upstream catchment to bypass the cross road culvert.
May 2022			<u> </u>			Local resident forwarded correspondence relating to restricted access to property gates off Grassy Creek Rd due to depth of drains. Concerns forwarded onto
				Environmental and		BOP contractor to assess and rectify access issues to existing road side gates.
55	8/05/2022 12:44	08/07/2022, 10:00	Email	Access	Grassy Creek Rd Access	8/7/22 Confirmation received from Zenviron that accesses have been installed and the resident has confirmed that they are happy with the works and consider the complaint closed out.
						Monitored over 4 weeks and has noticed that nothing has been done to stop the build up of mud onto the road. Site traffic is entering and leaving site from this cross over. Photos provided with complaint showing no environmental measures in place.
						HSEC Manager forwarded complaint 11/05/22 to Contractor as follow up to discussions on the subject already underway - the issue was already raised internally requesting that the contractors be reeled in to stop any form of access to the project off Blakney Creek Rd as it is not a defined site access point.
						The issue with tracking of any mud/debris from site onto the public roads (All site entry points) has also been raised and requires active management.
						12/5/22 HSEC manager sent response to complainant detailing actions put in place regarding the access NCR, soil and water management measures put in place to control drainage and measures put in place to manage material tracking onto public roads.
56	11/05/2022 11:28	12/05/2022 0:00	Email	ТМР	Mud and crossing on 3050 Blakney ck rd south and entrance to site	Drainage and tracking mitigation measures were installed after the photographs were taken and forwarded through the complaints hotline (Not sure how old photographs were before being forwarded onto RPRE)
50	11/05/2022 11.28	12/03/2022 0.00	Lillali			Complaint relating to tracking of material across Blakney Creek Rd Sth, damage to road surface and alleged access to project through property access point.
				Environmental and	Soil and water management, road damage and	Complaint forwarded onto contractor to investigate. Response sent to complainant confirming that material tracking and damage issue are being addressed. Allegations against access off Blakney Creek Rd Sth can not be founded without evidence as this is a property access point for landowners and their workers.
58	16/05/2022 7:56	16/05/2022 16:00	Email	Access	access related	RPRE are in process of purchasing surveillance cameras to install at these entry points to observe compliance. Complaint about Dalton Road condition following wet weather event.
						RPRE site manager relayed community and project concerns to contractors on the deterioration of Dalton Rd following last weeks rain event. Contractor will
						commence maintenance grade of failing sections 19/5/22. Upgrade works are also due to commence on Dalton Rd during the week of 23/5/22. Complainant notified that maintenance will commenced on sections of Dalton Rd 19/5/22.
59	18/05/2022 8:02	19/05/2022 0:00	Phone	Health and safety	Public road condition	Confirmed maintenance has commenced on Dalton Rd (12.00pm).
June 2022						Complaint received alleging project use of Blakney Creek Rd south.
						RPRE HSEC manager confirmed that the access off Blakney Creek Rd south was required to perform emergency site inspections of the projects southern section during the wet weather event to assess project environmental and safety aspects.
60	06/06/2022, 08:07	06/06/2022, 11:45	Email	Access	Traffic Management related	Complainant was also notified that DPE were consulted of this access by RPRE. Non associated resident raised question relating to current traffic control signage and tracking of material across Blakney Creek Rd South.
						RPRE HSEC Manager took photographic evidence to confirm road works signs were turned to road shoulder in accordance with after care TGS. Contractor also
61	10/06/2022, 14:11	21/06/2022, 20:00	Email	ТМР	Traffic Management related	requested to provide details on cleaning material off the crossover. Regular communication maintained with complainant throughout the investigation.
July 2022	10,00,2022,1111	22,00,2022,2000				
						Complaint received by non associated resident alleging project use of Blakney Creek Rd south including tracking material along the road. RPRE and BOP contractor conducted an ICAM investigation (Including complaint received on 11/7/22 ID CPT65) Investigation confirmed ID CPT65 was an NCR.
63	04/07/2022, 6:50	21/07/2022, 12:00	Email	ТМР	Dirt/silt on road from Crossing at Blakney Crk Rd Sth	Investigation also revealed farmer mustering cattle lead to other alleged use of exit by project vehicles. Material cleaned from crossover. Local resident sent complaint through regarding heavy vehicles parking in Yass St when accessing the food van. RPRE passed on concerns to Zenviron to liaise
64	06/07/2022, 11:02	07/07/2022, 12:00	Email	ТМР	Heavy vehicle parking on Yass St	with their suppliers. RPRE also liaised with food van operator to monitor and manage to avoid future occurrences.
65	11/07/2022, 7:26	21/07/2022, 12:00	Email	ТМР	Material tracking - Blakney Crk Rd Sth	Email received from complainant alleging that project vehicles have exited the project onto Blakney Creek Rd Sth. Allegations forwarded onto BOP contractor to investigate. Investigation concluded that a project vehicle turned out onto Blakney Creek Rd Sth. NCR was raised and reported to DPE.
August 2022	I	Γ	T			BOP contractor confirmed that a concrete agitator conducted a three point turn at the Blakney Creek Rd South crossover. The agitator did not enter or exit at
