

Rye Park Wind Farm Construction Update

10 January 2022 - HAPPY NEW YEAR!

Construction Updates are released fortnightly and include a summary of construction works undertaken and a look-ahead of upcoming works.

Tilt Renewables' construction contractor Zenviron (and their subcontractors) have commenced their re-mobilise of staff and equipment resources to the Project following the Christmas shut down. The work crews continue construction of the three site entry points and the temporary compound bench along with the upgrades to Dalton Road. Vegetation clearance will also be commencing along Grassy Creek Road in anticipation of the road upgrade works.

Boorowa Road Works Commencement

Works on the Boorowa bypass have commenced. Preliminary works that have been undertaken include installation of signs and traffic control measures, as approved by the road authority with construction works expected to commence during the week of 10/1/22.

Road users should expect minor delays and diversions whilst these works are being undertaken. The works are expected to take approximately 12 weeks to complete.

If you have any questions or concerns, please contact:

- Tilt Renewables - Site HSEC Manager: Andrew Galland - 0447 076 886, or
- Zenviron - Site Manager: Mark Cha - 0460 290 262
